

thank      please      skate      show

Will you show me how to skate, Rob?

Yes, indeed! I shall be very glad to do so. This is the way.

There! I will take your hand. That is better.

Do you think you can skate now?

Oh, no! I shall have to get you to show me a little more. I shall learn in time.

I will show you again at any time.

Thank you, Rob! I know I shall learn to skate with you to show me how.

Please take my hand again.

*I will show you again.*
