

Oh, see what Mary has ! It is her pet cat. It must have come back to her.

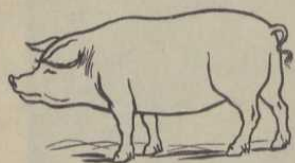

Let us not forget Rose and Lily. Had they any pets ?

Yes, but not in the pictures. They can read in the pretty book. It is not hard to read.

And where are the two little boys who like to play hide ? Had they any pets ?

Oh, yes, Carlo is their dog. He is not in the pictures.

And here is the old pig.

Do come and look at him. He must have had his picture taken too.

*And where are the other pets, Rob ?*
