

LESSON XXIV.  
Questions on the Map.

The title of this map is the same as that of the several states of the United-States geographical index to an atlas. It is therefore easy for the learner to compare the extent of either of these provinces with that of any of the states.

What is the scale of this Map?

- CANADA WEST.—1. What country on the northeast? 2. What states on the south? 3. What state on the west? 4. What river divides it from Canada East? 5. What lakes on the south and west? 6. What large bay is Canada West connected with Lake Huron? 7. What lakes in this province? 8. What rivers, tributary to Ottawa River? 9. To Lake Ontario? 10. To Lake Erie? 11. To Lake

- St. Clair? 12. To Lake Huron? 13. To Georgian Bay? 14. What river falls between lakes Erie and Ontario?
