

Index nominum et rerum.

† = Schlacht bei. Die Zahl bedeutet: Seite. Die mehrfach vorkommenden Namen sind in der Regel unterschieden. Die bloße Nennung eines Städtenamens bedeutet häufig Belagerung derselben. Die Verbindung zweier Eigennamen durch „und“ (z. B. Germanen und Römer) bedeutet das Verhältnis derselben zu einander.

Der Index bezieht sich nicht auf die Überschriften, Quellenangabeungen, Geographie, Ethnologie und die Noten.
